Race-To-Race Transfer
Select
Confirm
You can use this form to transfer to another race distance or to transfer to a different event.
Transfering to a different race distance:
Take care! This action is not always reversible. Upgrading to a longer race distance will incur a fee.
Important! Race numbers are printed approximately four weeks out from race day. If your number has already been printed, it will still show your original race distance. This will not effect your results and your race time will show for the updated race distance.
Important! Transferring your registration to another event is not permitted.
